

STOIC™ PRIME

Plant growth regulator for enhancement of abiotic stress reduction

Stoic™ Prime is an EPA-registered plant growth regulator designed to enhance the abiotic stress resistance of specific crops. The salicylic acid supports in stress resistance and, thus, allows better management of yield and quality for the production of crops.

Stoic Prime contains systemic compounds that function to stimulate the plant's natural defenses and support vigorous growth.

PRODUCT BENEFITS

- Enhances abiotic stress resistance of the crop
- Triggers the plant's natural defenses and support vigorous growth.
- Allows better management of yield and quality for the production of crops.

EPA REG. NO. 90866-30-95352

ACTIVE INGREDIENTS:	BY WT.
Choline Chloride:	15.00%
Salicylic Acid:	5.20%
OTHER INGREDIENTS:.....	79.80%
TOTAL	100.00%

DIRECTIONS FOR USE

Stoic Prime works best when applied before disease signs or symptoms appear. Uniform and thorough spray coverage is essential for optimum performance.

Do not tank mix with agrichemical products that are alkaline in nature. Make sure the final spray mix is below pH 7.0. Do not apply if rain is expected within 2 hours of application.

RECOMMENDED USE RATE

Optimum concentration for best performance:

- 0.1% v/v (1 gallon per 1000 gallons of carrier) solution of Stoic Prime

See label for additional spray volumes and application details.

PRODUCT DETAILS

Available in 2x2.5-gallon jugs (36 cases per pallet).

Storage: Store above 32°F
